The Millennium Challenge Account-Morocco has received financing from the Millennium Challenge Corporation toward the cost of the “Education and Training for Employability project”, and intends to apply part of the proceeds toward payments under the contract for the **Selection of a firm in charge of the development and support of the experimentation and evaluation of a new system for the operation and maintenance of school infrastructure and school equipment (O&M)**.

MCC’s funding is appropriated by the U.S. Congress and obligated to the compact up-front, with no incremental or partial funding. So, when a contract is signed with an MCA Entity, money is already available to the MCA Entity and, for most contracts, invoices are paid directly to Consultants by the US Treasury.

MCA-Morocco now invites proposals from eligible consultants for **the development and support of the experimentation and evaluation of a new system for the operation and maintenance of school infrastructure and school equipment (O&M)**.
